COLERIDGE by Woodsman

The new Woodsman Coleridge is the latest edition to our leading range of new generation ultra clean burning log burners. Following on from the highly successful SERENE model, it continues our vision to bring to you the most user friendly, Simplicity is the key and the Coleridge achieves ultra clean burning without the need for fans, or other types of systems which

With its sustained burn cycle the new Woodsman Coleridge maximises burn time for each load of fuel giving you a longer burn and a more even comfortable heat compared to. The 6mm steel plate cook top is perfect for use during a power outage or to just boil some water for a cup of tea. Consumable parts such as the baffle plate and rear air tubes are constructed
